Educational Panel Discussions
(virtual via Zoom)

On Nov. 1, 2015, a small group of American Bison was re-introduced to the landscape of Colorado in about 1,000 fenced acres of shortgrass prairie at Soapstone Prairie Natural Area. Today, the Laramie Foothills Bison Conservation Herd has grown to over 100, and we are celebrating the success of the herd and conservation efforts made by the many people involved. Join us for a day of events to celebrate National Bison Day, learn more about the herd, and hear from all the different communities involved in the protection of the bison.
